It might be well to explain to some of these students that what Senator Dworak is doing is very technical. It involves the changing of some spelling, and some grammar and punctuation and things of that nature. Unless he is interrupted by the Clerk, he is not doing anything of substance and that is why it looks like we are treating this rather casually. Senator Dworak.

SENATOR DWORAK: Mr. President, I move the non-technical, non-substance amendment to LB869. There are no amendment, I move that LB869 be advanced.

PRESIDENT: Discussion? All in favor say aye, contrary say nay. The bill is advanced.

SENATOR DWORAK: I move the adoption of the E & R amendments to LB903.

PRESIDENT: Discussion? All in favor say aye, contrary say nay. They are adopted.

CLERK: Mr. President there are two amendments offered by Senator Clark. The first one is printed on page 811 of the Legislative Journal.

SENATOR CLARK: I move for the adoption of the amendment. This is a clarifying language. What it does is to clarify the language relative to the departments of State...duties of the State Treasurer, director of Administrative Services, Department of Education. There was some concern as to whether these funds would get paid or not. What this says is that the funds will be paid. The cooperation for the payment will be there, and they will be paid. The second part of it establishes the operating date to assure the payment in the transition period. Mainly we are repealing some old laws here and there could be problems with transition. We want to be sure that there are no problems. Just....this will eliminate the problem. I would move for the adoption of the amendment.

PRESIDENT: Discussion of Senator Clark's amendment? You heard the motion. Record your vote. Record.

CLERK: 27 ayes, 0 nays.

PRESIDENT: The amendment is adopted. Senator Dworak.

CLERK: Now Mr. President, there is another amendment offered by Senator Clark found on page 829 of the Legislative Journal.

SENATOR CLARK: Mr. President, I would ask unanimous consent to hold that amendment off. I am having a little problem with it and I would prefer to put it on another bill.

PRESIDENT: Is there an objection? Seeing none, it is so ordered. Senator Dworak.

SENATOR DWORAK: I move that LB903 be advanced for Engrossment.

PRESIDENT: Discussion? All in favor say aye, contrary say nay. The bill is advanced.
